

MOTIVATION QUOTE GENERATOR

LEENA AIZDI
KHADIJA JAVED

Goal: Generate short motivational quotes based on user emotions or themes.

Technology: Node.js, Express, OpenAI API, HTML/CSS/JS frontend.

Features:

Users click on how they're feeling (e.g., joy, stress, focus).

The app sends the feeling to OpenAI.

Receives a motivational quote and displays it.

Deployment on Renders.
